## Parent Statement

*Please answer on separate sheet of paper.*

1. Please state why you are interested in having your child attend San Francisco Friends School.

2. Your parental perspective helps us get to know your child better. What are your child's unique characteristics? Are there academic or social issues that you would want to share with your child's teachers? If your child attends San Francisco Friends School, what qualities or characteristics would you like to see the school help develop in him or her?

3. Has your child ever had an educational, speech, language, or psychological evaluation? If yes, please give details, share the recommendations from the evaluation, and enclose copies of any reports.

4. You have read and heard about the Quaker values of reflection, simplicity, peace, integrity, community, equality and stewardship. Can you tell us about the one that is the biggest "reach" for you, and why?

5. San Francisco Friends School is still being created - we are still completing our building, hiring our K-8 staff, and fleshing out our program; over time, we will learn how our graduates will shape their lives years down the road. Assuming that you're interested in being part of a start-up (you're filling out this form!) can you tell us what you imagine to be both the delights and challenges of joining a young school? In what areas might your family contribute to the life of the school?
